

## Tutorial ResearcherID e ORCID

### O ResearcherID

O ResearcherID.com é um produto da Thomson Reuters conectado à base de dados *Web of Science*, disponibilizado gratuitamente para a comunidade científica e que permite criar um perfil *online* para mostrar o histórico de publicações do pesquisador. É desenvolvido para associá-lo com sua publicação acadêmica, o que garante um registro preciso de saída e atribuição. Ele também fornece um portal para que colegas localizem rapidamente as obras que você publicou e identifiquem você como colaborador em potencial.

### Open Researcher and Contributor ID (ORCID, Inc)

O ORCID é um esforço comunitário aberto, sem fins lucrativos, que atua na resolução de problemas de ambiguidades de nomes e perfis na área acadêmica, atribuindo identificadores digitais individuais que podem ser *linkados* à produção científica de cada pesquisador.

### Por que se cadastrar?

Com o **ResearcherID**, é possível:

- Gerenciar e compartilhar suas informações acadêmicas – *Web of Science* e *EndNote*;
- Propiciar visibilidade em diretório internacional de pesquisadores;
- Identificar colegas que desenvolvem linhas de pesquisa similares e projetos multicêntricos;
- Visualizar o mapa de relacionamento de pesquisadores, instituições, países, ano de publicação, etc.
- Eliminar erros de identificação do autor (variações de nome por meio de um identificador único);
- Acompanhar automaticamente o desempenho acadêmico por meio de gráficos do índice H.

Já ao se inscrever no **ORCID**, é possível criar registros e sincronizar os dados com outros sistemas e bases de dados, como o ResearcherID da Web of Science, Scopus, ANDS, PubMed Central, DataCite e o CrossRef. A criação de perfil no ORCID gera um identificador digital que pode ser vinculado às bases, garantindo a identificação das variações de nomes e o agrupamento das publicações do autor.

A principal vantagem de uso do ORCID é a identificação precisa do autor e de suas publicações num único perfil. Esta configuração favorece a localização e a contagem das publicações, além de reunir os dados de citações recebidas pelo conjunto de trabalhos de sua autoria que podem ser utilizados para geração do índice H do autor e da própria instituição a qual está vinculado, por exemplo.

O ORCID também funciona como uma espécie de Currículo Lattes, podendo ser referenciado em candidaturas a empregos, bolsas, etc. Ele também é solicitado por alguns editores como Nature, Elsevier, Springer.

## Como realizar o cadastro?

Comece com o cadastro no ResearcherID e, durante o processo, você terá a opção de se inscrever no ORCID.

1. Acesse o [ResearcherID](#).

Se você já tem cadastro no *EndNote* ou no *Web of Science* (item 1.1), utilize o mesmo login e senha. Caso contrário, crie uma conta (item 1.2) e siga os passos a seguir.

The screenshot shows the ResearcherID website homepage. At the top, there is a navigation bar with links: Home, Login, Search, Interactive Map, and EndNote. Below this, on the left side, there are two red boxes with numbers 1.1 and 1.2. Box 1.1 is labeled 'Identify Yourself' and contains a 'Login' button. Box 1.2 is labeled 'New to ResearcherID?' and contains a 'Join Now It's Free' button. A red arrow points from box 1.2 towards the 'What is ResearcherID?' section. The 'What is ResearcherID?' section contains a paragraph explaining the service. Below this, there is a 'Top Keywords' section with a list of research topics. On the left side, there is a 'Search For Members' section with a 'Search' button. Below that, there is a 'Learn More' section with links to 'What is ResearcherID?', 'FAQ', 'Interactive Tools', 'Labs', and 'Training'. At the bottom left, there is a 'Highly Cited Research' section with a paragraph about the resource.

2. Preencha as informações requeridas e **cadastre seu e-mail institucional**. Clique em **“Submit”**. Ao criar uma nova conta, você deverá entrar no e-mail cadastrado e aceitar o convite enviado pelo ResearcherID clicando no link recebido por e-mail.

The screenshot shows the ResearcherID registration form. At the top, there is a navigation bar with links: Home, Login, Search, Interactive Map, and EndNote. Below this, there is a 'Thank you for your interest in ResearcherID!' message. The main section is titled 'To register with ResearcherID.com, complete the \* required fields below. We will e-mail you registration invitation link.' It contains several input fields: 'First Name', 'Last Name', and 'E-mail', each with an asterisk indicating it is a required field. There is also a dropdown menu labeled 'How did you hear about us?' with a note: 'Note: ResearcherID.com will contact you using the email address. This will be kept private by default.' At the bottom, there are two buttons: 'Submit' and 'Clear'. A red arrow points to the 'Submit' button. Below the form, there is a footer with links: 'Community Forum', 'Register', 'FAQ', 'Support', 'Privacy Policy', and 'Terms of Use'.

3. Ao clicar no link do e-mail recebido, você será direcionado para a **página de cadastro**. Insira as informações requeridas.

Em “*Institution*” (item 3.1), utilize o nome completo, em português e a sigla (Pontifícia Universidade Católica do Paraná, PUCPR) e cadastre o seu e-mail institucional (@pucpr.br). No campo “*Sub-organization/Department*” (3.2), preencha em português e inglês o nome do seu departamento (um de cada vez e clique em “*Add*”). Em “*Other names used by you*” (3.3), inclua todas as variações do seu nome para uma melhor recuperação das informações nas bases de dados e clique em “*Add*”. Após preencher todos os campos, clique em “*Submit Registration*” (item 3.4).

RESEARCHERID

Thank you for your interest in ResearcherID!

By registering, you're helping to build a resource that standardizes and clarifies author information - strengthening the connections between you and your colleagues and making vital research more accessible to all.

**Data Privacy:** The information that you submit as part of this registration process and the information that you submit or that Thomson Reuters collects in the course of the use of your ResearcherID will be processed by Thomson Reuters in accordance with the ResearcherID End User License Agreement. **Except where indicated**, registration information will be viewable by default on your public profile page on the [www.ResearcherID.com](http://www.ResearcherID.com) website. At anytime after registering, you can login to your account and choose to make some or all of your information private or to update any of your registration information.

Registration

To register with ResearcherID.com, complete the \* required fields below. We will e-mail you a confirmation link.

First/Given Name: \*

Last/Family Name: \*

Reset

Name: Enter your name. This will be displayed on your profile page.

E-mail address: Enter your Email address so ResearcherID.com can contact you. This will be kept private by default.

Institution: Enter the name institution at which you work. Please spell out the name. If your institution has a commonly known acronym or abbreviation, then put both. For example, State University of New York, SUNY. This will be displayed on your profile page by default.

Mailing Address: This information will be private by default. After registering, you can choose to make this information viewable by visitors to your ResearcherID page.

Password: This will be used by you to log in to this site so you can access and edit your information.

Security Question: Select a question and provide an answer. This will be used to verify your identity in case you forget your password.

Verification Number: Enter a 4-character code (like a password). This will be used to verify your identity in case you forget your login information.

Other Names: If you've published under different names or if you are known by more than one name, add those names (one at a time). These will be searched if made public. These names will also be used when processing your My Publications list for use in Web of Science Core Collection; only publications that have your name or one of your Other Names will be included in your Distinct Author Set (more information).  
Examples:  
Smith, J. J.  
Smith, John J.

ORCID

Did you know you can associate your ORCID ID with your ResearcherID account?

**6.1** ☒ I would like to create an ORCID record. ←

☐ I already have an ORCID record.

☐ No, thank you.

Open Researcher and Contributor ID (ORCID, Inc.) is a non-profit organization that aims to solve the author/contributor name ambiguity problem in scholarly communication by creating a central registry of unique identifiers. These identifiers can be used within various systems you may interact with in your professional research workflow, including manuscript submission, etc.

By creating an ORCID you will be able to link your ResearcherID account with this centralized registry.

Learn more about ORCID.

If you choose not to get or associate an ORCID, you can do it at a later time.

How to use these lists

My Publications: View

Use this list to display all the publications that you have authored.

**Adding Publications to this list**  
You can add publications by searching Web of Science™, searching Web of Science™ Core Collection, using EndNote™, or uploading a file. To add publications, click the **Add link** located in the menu on the left-hand side of your screen, or by clicking on the **Add Publications** above.  
\* Note: Access to Web of Science and Web of Science Core Collection are based on the entitlements of the computer where you are accessing ResearcherID.

Please remember to only add publications that you have authored to this list. This list will be used by Web of Science Core Collection to create a Distinct Author Set, which is a set of papers that will be associated with your name, and your ResearcherID number will be displayed on the Web of Science Core Collection record. This allows Web of Science Core Collection users who find one of your papers on this list to find all of the other papers on this list.

**Making the list public or private**  
You have the ability to make your “My Publications” public or private. If public, then visitors of ResearcherID can see your scholarly output, and your list will be sent to the Web of Science (click here for more information). Click on the **Manage Profile** button at the top-right corner of the page and select the Publication Lists tab to change the privacy settings of your data.

Add Publications

18. Nesta etapa, você terá três opções de como adicionar suas publicações – *Web of Science* (item 18.1), *EndNote* (18.2) e *RIS file* (18.3).

18.1 Web of Science é a base de dados multidisciplinar da Thomson Reuters. Dentro do Web of Science, você poderá pesquisar utilizando o “*Search Web of Science*” (item 18.1.1) para pesquisa em artigos, livros, patentes, etc, o “*Search Web of Science Core Collection*” (item 18.1.2) que abrange, entre outras, a área de ciências sociais aplicadas e pesquisa em anais de conferências, congressos, seminários, workshops internacionais. Já a terceira opção, o “*Search Web of Science Core Collection Distinct Author Sets*” permite diferenciar homônimos pela área de atuação do pesquisador.

Home My Researcher Profile Refer a Colleague Logout Search Interactive Map EndNote >

Add to: My Publications [Return to My Researcher Profile](#) My Publications: 0

To add publications to your Publication List, select one of the options below by clicking a link.

Note: Depending on your permission to access *Web of Science™* and *Web of Science™ Core Collection*, you will have one or more of the following options:

**18.1 Option 1:**  
**18.1.1 Search Web of Science**  
Use this option to search *Web of Science*. Depending on your subscription, this can include articles, books, patents, and more.  
**18.1.2 Search Web of Science Core Collection**  
Use this option to search *Web of Science Core Collection*. Depending on your subscription, this includes the world's leading scholarly literature in the sciences, social sciences, arts, and humanities and proceedings of international conferences, symposia, seminars, colloquia, workshops, and conventions.  
**18.1.3 Search Web of Science Core Collection Distinct Author Sets**  
Use this option to search *Web of Science Core Collection* for sets of articles written by the same person.

**18.2 Option 2:**  
**ENDNOTE™**  
**Go to EndNote**  
Use your EndNote account to add articles and manage your ResearcherID publication lists.  
Already use EndNote? You can transfer your ResearcherID publication lists between the desktop and web effortlessly. Learn about the additional features available in EndNote to accelerate your research including find full text automatically and access to over 3,700 publishing styles.  
**Search Online Resources using EndNote**  
With EndNote, you can collect references from online resources including PubMed and more.  
- Help/Tutorials  
- Learn more at EndNote.com

**18.3 Option 3:**  
**Upload RIS file.**  
**Upload an RIS file (from EndNote, RefMan or other reference software)**  
You can upload an RIS formatted text file. The RIS file format is a tagged format for expressing bibliographic citations.

>>A pesquisa segue o mesmo padrão nas três opções do Web of Science. Insira o sobrenome e as iniciais e clique em “Search”.

Add to: My Publications [Return to My Researcher Profile](#) My Publications: 0

To add publications to your Publication List, select one of the options below by clicking a link.

Note: Depending on your permission to access Web of Science™ and Web of Science™ Core Collection, you will have one or more of the following options:

**Option 1:**

**WEB OF SCIENCE™**

**Search Web of Science**

Use this option to search Web of Science. Depending on your subscription, this can include articles, books, patents, and more.

**Search Web of Science Core Collection**

Use this option to search Web of Science Core Collection. Depending on your subscription, this includes the world's leading scholarly literature in the sciences, social sciences, arts, and humanities and proceedings of international conferences, symposia, seminars, colloquia, workshops, and conventions.

**Search Web of Science Core Collection Distinct Author Sets**

Use this option to search Web of Science Core Collection for sets of articles written by the same person.

**Option 2:**

**ENDNOTE™**

**Go to EndNote 18.2.1**

Use your EndNote account to add articles and manage your ResearcherID publication lists.

Already use EndNote? You can transfer your ResearcherID publication lists between the desktop and web effortlessly. Learn about the additional features available in EndNote to accelerate your research including find full text automatically and access to over 3,700 publishing styles.

**Search Online Resources using EndNote 18.2.2**

With EndNote, you can collect references from online resources including PubMed and more.

- Help/Tutorials  
- Learn more at EndNote.com

**Option 3:**

**Upload RIS file.**

**Upload an RIS file (from EndNote, RefMan or other reference software)**

You can upload an RIS formatted text file. The RIS file format is a tagged format for expressing bibliographic citations.

>> Você será direcionado para a página do EndNote. Clique na aba “Collect”.

**Getting Started**

**Find**

Collect references by searching online databases or importing your existing collection.

- Search an online database
- Create a reference manually
- Import references
- NEW!** Find your best potential journal

**Store & Share**

Organize and group references in any way that works for you. Then share your groups with colleagues.

- Create a new group
- Share a group
- Find duplicate references

**Create**

Use our plugin to format bibliographies and cite references while you write.

- Cite While You Write™ Plug-In
- Create a formatted bibliography

**ConnectBeta**

Interact and connect with researchers from around the world.

- Connect now

>> Escolha a base de dados desejada (“Select Favorites”) e clique em “Connect”.

My References **Collect** Organize Format Match NEW! Options ConnectBeta

Online Search New Reference Import References

**Online Search**

**Step 1**

Select database or library catalog connection.

Select... **Select Favorites**

**Connect**

>>Selecione a opção “Author”, coloque o sobrenome e iniciais e clique em “Search”.

>>Selecione os artigos e clique em “Add to group...” e selecione a opção “My publications”. As referências serão enviadas automaticamente ao ResearcherID.

18.3 RIS File é um formato para exportação de dados e refere-se a publicações indexadas em outras bases (BBO, PubMed, Lilacs, etc).

Primeiramente, acesse a página eletrônica da base de dados, por ex. Scopus. Procure por publicações pelo nome do autor, selecione os documentos, exporte no formato RIS e salve em seu computador.

Por meio da exportação de dados em formato RIS do “Minhas Citações” do Google Acadêmico/Scholar, é possível adicionar publicações nacionais ao seu perfil do ResearcherID. Para tanto, selecione suas publicações no “Minhas Citações” e clique em “Exportar”. A opção “RefMan” salva as publicações no formato RIS.

Na página do Researcher ID, clique no item 18.3.1 para importar o RIS file previamente salvo.
